## Visitor Screening

Please enter and exit through the Main Visitor's Entrance, located at the bottom of the hill near the Graham Avenue driveway. Visitor Parking is available.

Upon arriving, you will be asked to go through our normal screening procedure by showing your driver's license and receiving a Visitor's Badge that you should wear while in the building.

You will also have your temperature taken and complete a simple COVID-19 screening questionnaire. If you display any symptoms of COVID-19, have recently been in contact with someone suspected of COVID-19, or if you are unvaccinated **and** have recently traveled from outside New Jersey / New York / Connecticut / Pennsylvania / Delaware, you will not be able to visit at that time.

Please note that, per state regulations, children two years of age and under are not permitted to visit indoors. All other children must wear a mask during each visit. (Outdoor visits are available for families wishing to visit with a child two years of age or younger. Please call the Activities Department at extension 612 to schedule an outdoor visit.)

After your visit, kindly return your badge to the receptionist and exit through the Main Visitor's Entrance.

Visitors should never enter or exit through another door without signing in and signing out at the Main Visitor's Entrance.

## Gifts & Food

Visitors and residents are not permitted to share meals or snacks together.

If you wish to bring any gifts or items for residents, please drop these items off at the front desk where our staff will continue following disinfecting procedures before delivering to residents.
